

Ahead of your scheduled 2020/2021 University of Lagos Post-UTME Aptitude Test

Please read the following instructions carefully

1. This is a competitive qualifying aptitude test. Candidates must comport themselves accordingly. Candidates are advised to have a reliable internet connection.
2. Your activities during the period of the aptitude test will be monitored and recorded. Candidates will be required to attempt the test with a webcam and microphone enabled device. (For optimal experience, use of mobile phones for the aptitude test is discouraged).
3. Candidates are forbidden from covering their webcams during the period of the aptitude test. Our inability to see the candidate at any time during the test may result in disqualification.
4. During the aptitude test, you are not permitted to leave your position. You are advised to adequately prepare before commencing the test.
5. In the course of the aptitude test, you are not permitted to leave the test tab for another tab or application on the computer for any reason, not even to use the calculator tab. Departure from the test tab may result in disqualification.
6. Nobody is permitted to be around you during the period of the test, not even members of your family. You will be disqualified if anybody is seen around you during the test.
7. The duration of the aptitude test is 30 minutes. The time starts to count immediately you click the start button and continues to count even if you log out before your 30 minutes lapses. Once you log out, you cannot resume the test.
8. In the event that you run out of time, your aptitude test will automatically be submitted.
9. No use of face mask during the test.
10. For assistance before and during the aptitude test, please contact **0800-111-2233**.
